Workshop : Rising Point

As for the workshop "Rising Point" I think it was fantastic as it helped answer a lot of my questions about life and Karma, taught me really helpful tools in relation to meditation and Self Hypnosis and helped me get in touch with my Spirit Guides. I think Yuvraj really helped jumpstart my path on the Spiritual Plane and has greatly helped me in either getting rid of negative influences in my life, understanding why things happen the way they do, and more importantly, has helped me empower myself in my life. The best part I love about this man is that his real aim where his patients/clients are concerned is to give them back the power to take control of their lives. **Kiran Chhabria April 2006, Dubai**
